# PVCu & Aluminium Bi-Fold Doors

Sleek Style,  
Solid Design

**“Bi-fold doors are the perfect way to bring sunlight and warmth into your home.”**

# PVCu Bi-Fold Doors

## Sleek Style, Solid Design

Bi-folding doors glide open to seamlessly join inside and outside space.

Flood any room with natural light and, in just a couple of seconds, open up for extra space and the feel of a cool summer breeze.

The addition of a bi-fold door can completely transform a living space - their flexible nature mean they can be fully opened, partially opened, or totally closed depending on the space available and, naturally, on what the weather's like. Versatile and aesthetically pleasing, our bi-fold doors are the perfect replacement for existing patio or French doors to flood any room with natural light.

All of our bi-fold doors are designed with slim contemporary lines and hidden gearing. Sophisticated hardware has never looked so sleek and stylish.

### The Benefits Of PVCu Bi-Fold Doors

It's not just about beauty. The PVCu bi-fold doors utilise industry leading technology that gives you - and your home - the absolute cutting edge in looks, weathering, and security. Our bi-fold doors are the full package - excellence both inside and out.

- **Shootbolt locking for all doors and 3 hook locking to master door**
- **A Rated energy efficient performance**
- **Double and triple glazed options**
- **Choose from 2 to 6 door panels**
- **All manufactured hardware achieves Secure By Design**

# Aluminium Bi-Fold Doors Innovative and Visually Stunning

The stylish, secure and versatile solution to transform your home

It's not just about beauty. The aluminium bi-fold doors utilise industry leading technology that gives you - and your home - the absolute cutting edge in looks, weathering, and security. Our bi-fold doors are the full package - excellence both inside and out.

High Performing, Energy Efficient

**Modern designs for modern times - the absolute latest in purpose design using high performing materials.**

Whether it's a drizzly winter's evening or a July heatwave, the bi-fold doors will keep you comfortable, while saving money on your energy bills. Every inch of the door, from the frame through to the glass pane, is designed to maximise efficiency, and ensure that your home lets in natural light, without letting heat escape.

Our aluminium bi-fold doors combine the very best materials with high performing double and triple glazed glass units for the complete energy efficient solution.

**“Bi-fold doors are the perfect way to transform your living space”**

Secured by Design

Official Police Security Initiative

# High Security Performance

Nothing matters more to a homeowner than security. Using the latest technology, the bi-fold doors ensure that you and your family's safety is never in question.

## Peace of Mind

All of our doors use shootbolt locking features, with 3 hook locking and latch for all master doors. The security doesn't compromise the bi-fold doors' sleek design though - all the locking systems are enclosed within the PVCu/aluminium casing, maintaining the pleasant aesthetic and keeping the mechanism away from interference. All hardware is approved as Secured By Design, offering peace of mind and safety for you and your home.

## Security Features

- **Shootbolt locking for all doors**
- **3 hook locking to master door**
- **One piece keeps**
- **Rollers protected within outer frame**
- **All manufactured hardware achieves Secure By Design**

**“All hardware is approved  
as Secured By Design,  
offering peace of mind  
and safety for you and  
your home.”**
